

Request of Expression of Interest to be part of a shortlist of individual entity/organizations/companies for monitoring and assessing the performance of the AICS Khartoum interventions

The Italian Agency for Development and Cooperation (AICS) - Khartoum office intends to create a shortlist of individual/organizations/companies which could be part of the future tender processes of monitoring and evaluation the AICS- Khartoum interventions (especially those financed by AICS and EU).

AICS - Khartoum is currently managing programmes (humanitarian aid and development) which aim at fighting poverty and improving social and health conditions of the populations (host communities, migrants and IDPs). Among the cross-cutting sector, particular attention is given to social inclusion and gender aspects such as women's social and economic empowerment.

Monitoring and assessing the performance are essential management functions that are interactive and mutually supportive. These tasks support AICS- Khartoum to provide a clear basis for decision-making and offer practical lessons from experience to guide future development interventions.

AICS-Khartoum invites individual/organization/companies to express their interest. The purpose of this proposed Expression of Interest is to identify individual/organisations/companies to submit their candidature to us for a period of three years. This request of Expression of interest will not include ranking, scoring or other classifications of merits.
