

**Request of Expression of Interest to be part of a shortlist of individual entity/organizations/companies for monitoring and assessing the performance of the AICS Khartoum interventions**

**Q4. Is a joint-venture between a European organization and a company based in an African country and with several experiences in different countries in the continent eligible?**

Yes, it's eligible. As already said, the legal entity could be registered in any countries with at least three years of proven experience in M&E.

**Q5. What does experience in M & E mean?**

Concerning the experiences, it means that an interesting company should submit proven of the previous M&E experiences especially those contracts signed and successfully managed in different areas (development programs, humanitarian aid interventions etc.)

**Q6 What kind of documents can it prove the “Registration with any private and or public institution”?**

Any document that can prove the registration of the company locally and or in other countries.

**Q7 Is submission of previous experience with NGOS along with company profile enough to fulfil the requirements?**

This document can be a plus value if the previous collaborations have been done in M&E sector.
