The Program, jointly implemented by AICS and UN Women, is part of the special allocation 2019-2020 channelled under the European Union Emergency Trust Fund for stability and addressing root causes of irregular migration and displaced persons in Africa (EUTF) to support the democratic transition in Sudan. The Program aims at creating a conducive environment for the economic empowerment of women living in the most vulnerable situations in Khartoum, Kassala, Gedaref and Red Sea States through microfinance mechanisms, technical assistance for institutional and policy development, and cultural change, in a period of 36 months.

This specific objective will be achieved through microfinance interventions that have significant potential for contributing to women's economic and social empowerment (Result 1 - AICS component). Access to savings, new and dedicated credit lines can initiate or strengthen a series of interlinked and mutually reinforcing "power and saving capacity" of beneficiaries, accelerating agricultural production, poverty reduction and economic growth in the long term, in an inclusive and equal way. Income and production growth may contribute to a different and more sustainable consumption model.

Moreover, these empowerment modalities will be translated into practical policies for the mainstreaming of women's empowerment concerns throughout all aspects of national policies for gender equality (Result 2 – UN Women component).

Finally, the main barriers for Women's Economic Empowerment (WEE) will be addressed to enable a conducive environment, including the prevention of negative social norms, the creation of mechanisms to address Gender Based Violence (GBV) as obstacle to WEE and the promotion of positive social norms towards GEWE (Result 3 - AICS component).
