participate or tender.

A consortium may be a permanent, legally established grouping or a grouping which has been constituted informally for a specific procurement procedure. All partners of a consortium (i.e., the leader and all other partners) are jointly and severally liable to the contracting authority.

The participation or tender of an ineligible natural or legal person will result in the automatic exclusion of that person. In particular, if that ineligible person belongs to a consortium, the whole consortium will be excluded.

6. Number of requests to participate or tenders

No more than one request to participate or tender can be submitted by a natural or legal person whatever the form of participation (as an individual legal entity or as leader or partner of a consortium submitting a request to participate or tender). In the event that a natural or legal person submits more than one request to participate or tender, all requests to participate or tenders in which that person has participated will be excluded.

In case of lots, the candidates or tenderers may submit only one request to participate or tender per lot. Contracts will be awarded lot by lot and each lot will form a separate contract.

7. Grounds for exclusion

Candidates must submit a signed declaration, included in the request to participate form, to the effect that they are not in any of the situations listed in Section 2.6.10.1 of the **practical guide (PRAG)**. Where the candidate intends to rely on capacity providing entities or subcontractor(s), he/she must provide the same declaration signed by this/these entity(ies).

Candidates included in the lists of EU restrictive measures (see Section 2.4. of the PRAG) at the moment of the award decision cannot be awarded the contract.

8. Sub-contracting

Sub-contracting is allowed.

9. Number of candidates to be short-listed

On the basis of the request to participate received, between 4 and 8 candidates will be invited to submit detailed tenders for this contract. If the number of eligible candidates meeting the selection criteria is less than the minimum of 4, the contracting authority may invite the candidates who satisfy the criteria to submit a tender. If the number of eligible candidates meeting the selection criteria is more than the maximum allowed, the contracting authority will rank them using the re-examination criteria stated below.

10. Short-list alliances prohibited

Any tenders received from tenderers having a different composition than the ones mentioned in the short-listed request to participate forms will be excluded from this restricted tender procedure, unless prior approval from the contracting authority has been obtained – see practical guide 2.6.3. Short-listed candidates may not form alliances or subcontract to each other for the contract in question.

SELECTION AND AWARD CRITERIA

16. Selection criteria

Capacity-providing entities

An economic operator (i.e. candidate or tenderer) may, where appropriate and for a particular contract, rely on the capacities of other entities, regardless of the legal nature of the links which it has with them. If the economic operator relies on other entities, it must in that case prove to the contracting authority that it will have at its disposal the resources necessary for the performance of the contract by producing a commitment by those entities to place those resources at its disposal. Such entities, for instance the parent company of the economic operator, must respect the same rules of eligibility and notably that of nationality as the economic operator relying on them and must comply with the selection criteria for which the economic operator relies on them. **Furthermore, the data for this third entity for the relevant selection criterion should be included in a separate document.** Proof of the capacity will also have to be provided when requested by the contracting authority.

With regard to technical and professional criteria, an economic operator may only rely on the capacities of other entities where the latter will perform the tasks for which these capacities are required.

With regard to economic and financial criteria, the entities upon whose capacity the economic operator relies, become jointly and severally liable for the performance of the contract.

The following selection criteria will be applied to candidates. In the case of requests to participate submitted by a consortium, these selection criteria will be applied to the consortium as a whole if not specified otherwise.

The candidate shall not use previous experience which caused breach of contract and termination by a contracting authority as a reference for selection criteria.

The selection criteria for tenderers are as follows:

- 1) Economic and financial capacity** (based on item 3 of the request to participate form). In case of a candidate being a public body, equivalent information should be provided. The reference period which will be taken into account will be the last three years for which accounts have been closed.

1.1 the average annual turnover of the applicant for the three years must be equal to the annualised maximum budget of the contract (the maximum budget stated in the contract notice divided by the initial contract duration in years should exceed one).

1.2 to have been able to generate a neutral or positive income during the last 3 financial years.

has sufficient financial stability to handle the proposed contract.

2) Professional capacity (based on items 4 and 5 of the request to participate form for service contracts). The reference period which will be taken into account will be the last three years preceding the submission deadline.

The objective of this criterion is to examine whether or not the candidate/tenderer (i.e., the consortium as a whole, in the case of a request to participate from a consortium):

- has sufficient ongoing staff resources, expertise and experience to be able to handle the proposed contract;

the European Union

الإتحاد الأوروبي

ABAC: T05-EUTF-HOA-SDN-
96-02

- is not a so-called ‘body shop’, i.e. a candidate/tenderer with no real expertise in fields related to the contract but which simply identifies and proposes experts to fit the project description.

Note that criteria should not discourage requests to participate.

Professional criteria for legal and natural persons:

2.1 At least 50% of the suggested team is currently working for the tenderer in the field covered by this contract.

2.2 The shortlisted tenderers will be required to submit the proposed team’s CVs: CVs must be submitted along with the technical proposal and should not exceed 3 pages. CVs should include the work undertaken that best illustrates the capability to handle the tasks assigned in this TA assignment.

3) Technical capacity (based on items 5 and 6 of the request to participate form for service contracts). The reference period which will be taken into account will be the last five years from submission deadline.

The objective of this criterion is to examine whether or not the candidate (i.e. the consortium as a whole, in the case of a request to participate from a consortium) has sufficient expertise and experience to be able to handle the proposed contract.

Technical criterion applicable to both legal and natural persons:

3.1 The candidate has provided services under at least one contract with a budget of at least 500.000,00 EUR and two contracts each with a budget of at least 200.000,00 EUR in the fields of financial inclusion and women’s economic empowerment which were implemented at any moment during the reference period: five years.

This means that the contract the candidate refers to could have been started at any time during the indicated period but it does not necessarily have to be completed during that period, nor implemented during the entire period. Candidates are allowed to refer either to projects completed within the reference period (although started earlier) or to projects not yet completed. Only the portion satisfactorily completed during the reference period will be taken into consideration. This portion will have to be supported by documentary evidence (statement or certificate from the entity which awarded the contract, proof of payment) also detailing its value. If a candidate has implemented the project in a consortium, the percentage that the candidate has successfully completed must be clear from the documentary evidence, together with a description of the nature of the services provided/supplies delivered if the selection criteria relating to the pertinence of the experience have been used.

If more than 8 eligible candidates meet the above selection criteria, the relative strengths and weaknesses of the request to participate of these candidates must be re-examined in order to rank them and identify the 8 best requests to participate for the tender procedure. The only additional comparative criteria that will be taken into consideration during this re-examination, in the order in which they appear below, are:

- the highest number of projects that meet criterion 3.1;
- the highest cumulated value of the projects that meet criterion 3.1.

N.B.: additional comparative criterion No 1 shall be applied to all the eligible candidates that meet the selection criteria.

the contracting authority.

Requests to participate submitted by any other means will not be considered.

20. Deadline for submission of requests to participate

The candidate's attention is drawn to the fact that there are two different systems for sending Requests to participate: one is by post or private mail service, the other is by hand delivery.

In the first case, the request to participate must be sent before the date and time-limit for submission, as evidenced by the postmark or deposit slip³, but in the second case it is the acknowledgment of receipt given at the time of the delivery of the request to participate that will serve as proof.

The deadline for submission of requests to participate can be found in the Contract Notice under IV.2.2.

Any request to participate sent to the contracting authority after this deadline will not be considered. The contracting authority may, for reasons of administrative efficiency, reject any request for participation submitted on time but received, for any reason beyond the contracting authority's control, after the effective date of approval of the short-list report, if accepting requests to participate that were submitted on time but arrived late would considerably delay the evaluation procedure or jeopardise decisions already taken and notified.

21. Clarifications on the contract notice

Any request for clarifications must be made in writing to the following address no later than 15 days before the deadline for submission of tenders, specifying the publication reference and the contract title :

Att. Michele Morana – Head of Office

AICS - (Italian Agency for Development Cooperation)

Street 33 Amarat- P.O Box 793

Khartoum, Sudan

Adresse e-mail : procurement.sudan@aics.gov.it

The clarifications will be published on the AICS Khartoum website at <https://khartoum.aics.gov.it/en/home-eng/opportunities/tenders/> no later than 6 days before the deadline for submission of applications. The website will be updated regularly and it is the responsibility of the bidders to check for updates and changes during the bidding period

22. Outcome of the evaluation

By submitting a request to participate candidates accept to receive notification of the outcome of the procedure by electronic means. Such notification shall be deemed to have been received on the date upon which the contracting authority sends it to the electronic address referred to in the request to participate form.

³ It is recommended to use registered mail in case the postmark would not be readable.
