FAQ

Are the indicated amounts of 500000 Euro and 200000 Euro related to the overall contract value of the project references?

Or should these amounts be considered as the minimum values implemented by the candidate? Should the portion implemented by the candidate be above 500000 and 200000 Euro or can it be less?

Answer:

The amounts of 500.000 EURO and 200.000 EURO are related to the % implemented directly by the tenderer.
